

Ninth International Workshop on Camera-Based Document Analysis and Recognition

The Ninth International Workshop on Camera-Based Document Analysis and Recognition (CBDAR 2021) will be successor of the previous eight workshops held in Seoul/Korea (2005), Curitiba/Brazil (2007), Barcelona/Spain (2009), Beijing/China (2011), Washington DC/USA (2013), Nancy/France (2015), Kyoto/Japan (2017) and Sydney/Australia (2019), as satellite workshops of the respective ICDAR conferences.

Topics of Interest (include (but are not limited to):

- Camera based acquisition of written information
- Restoration of camera captured documents (dewarping, deblurring, etc.)
- Camera-based document analysis and recognition
- Document image quality assessment / estimation
- Image degradation models for camera captured characters/documents
- Text extraction from scene images
- Text in video
- Document image retrieval
- Device constrained techniques and algorithms
- Performance evaluation and metrics
- Mobile OCR
- Smartphone-based document scanning applications
- Feature extraction in camera capture situations

Important dates

- Submission Deadline (normal paper) : 23 May 2021
- Submission Deadline (ICDAR resubmission): 23 May
- Acceptance Notification: 21 June 2021
- Camera Ready Version: 05 July 2021
- CBDAR 2021 Workshop: Mon, 06 September 2021

Program Committee

- Anna Zhu, Wuhan University of Technology – China
- Bhargava Urala, Kota University at Buffalo, SUNY – USA
- Cheng-Lin Liu, Chinese Academy of Sciences – China
- C.V. Jawahar, IIIT – India
- Dimosthenis Karatzas, Computer Vision Centre, Universitat Autònoma de Barcelona – Spain
- Faisal Shafait, National University of Science and Technology – Pakistan
- Gaofeng MENG, Chinese Academy of Sciences – China
- Joseph Chazalon, EPITA Research & Development Lab. – France
- Kenny Davila, Universidad Tecnológica Centroamericana – Honduras
- Masakazu Iwamura, Osaka Prefecture University – Japan
- Muhammad Imran Malik, National University of Science and Technology – Pakistan
- Nibal Nayef, MyScript – France
- Petra Gomez-Krämer, L3i – La Rochelle University – France
- Umapada Pal, Indian Statistical Institute, Kolkata – India

Workshop Organizers

- Muhammad Muzzamil Luqman - L3i, La Rochelle University, France
- Sheraz Ahmed, DFKI, Germany
